

Pool B Layout - Lake Julian Disc Golf Sanctuary - Par 59

#1 Par 3. Short Pad to long basket placement, OB surrounded by water, left of marked paint, over hose lines on right near basket. Hose behind basket going towards tee pad 8 is not out of bounds since we are playing the short teepad for 8.

#2 Par 3. OB right in water and left over hose line into 7s fairway

#3 Par 3. Basket in stump. OB right in water

#4 Par 3. Long basket placement. OB right in water and behind basket over rope/painted area

#5 Par 3. OB left of rope into 6's fairway.

#6 Par 3. Long Basket placement. OB right of rope into 5s & 7s fairway

#7 Par 4. Long tee pad to mid basket placement. OB left of hose into 6 or 2 fairways and in either of the two rhododendron thickets behind mid basket placement

#8 Par 4. Short tee pad to long basket placement. OB surrounded by water or surrounded by concrete and left of road.

#9 Par 3. Short basket placement. OB surrounded by water, surrounded by concrete and right of road.

#10 Par 3 Short Tee Pad. OB Road Right & rope Left towards 11's fairway

#11 Par 3. Long Basket placement. OB rope left towards 10s fairway, rope on right towards 12 fairway, & concrete behind Basket

#12 Par 4. Mid tee pad to longest basket placement. OB right of rope/hose on entire right side of fairway, surrounded by concrete or over road

#13 Par 3. Short tee pad. OB right of rope.

#14 Par 4. Long tee pad to mid (woods) basket placement. OB left of rope up initial fairway or over railroad track or inside gated areas.

#15 Par 3. Longest basket placement. OB left of rope on entire left side of fairway towards 16 fairway and over railroad tracks on right.

#16 Par 3. Long tee pad. OB Left of rope going into 15s fairway.

#17 Par 4. Mid tee pad to longest basket placement in wooded section. One mandatory on hole – must go left of tree on right marking gap into the woods (see arrow). Drop Zone for missed mando is behind blue marked wood near mounds.

#18 Par 3. Long tee pad to left basket placement. OB must cross the road off initial shot; surrounded by water. Drop zone for not crossing road is play from short teepad.

General OB rule of thumb:

All hose lines, rope lines and painted areas dictate OB line, not stakes (they are there only to help give general location of OB line); Hose line supersedes other lines if there are two; Surrounded by concrete and water is OB.
