

Suncrest Park Temporary Course Back 9

Hole 10

179 ft Par 3

Holes 9 and 10 are similar in length and shot shape but Hole 10 asks players to hit a gap in order to reach the basket.

A clean drive will be rewarded!

Hole 11

246 ft Par 3

Hole 11 will demand a slow right to left drive through the natural hyzer alley. Clean drives = Birdie putts!

Hole 12

210 ft Par 3

Hole 12 is roughly Hole 11's mirror image. Right to left is the required shot shape with little room for error.

Hole 13

215 ft Par 3

Hole 13 is pretty straight forward. Distance control is the main obstacle, that, and the rough on the right. The rough there is thick and not to be trifled with!

Hole 14

312 ft Par 3

A blind tee shot awaits players, forcing a right to left shape. You may actually get to throw a driver!! Again, distance control will get you a look at birdie.

Hole 15

240 ft Par 3

Slightly uphill with a left to right turn, Hole 15 should be fun to throw! Just past the tall stump is the prize we seek; the birdie!

No OB, but private property on far right is just that, private.

Hole 16

171 ft Par 3

Hole 16 looks easy from the tee but sometimes hitting a small, straight gap is tougher than it looks! Slightly uphill like 15. Relax, pure the shot, and perhaps watch that ace go in!

No OB

Hole 17

210 ft Par 3

Hole 17 isn't very long at 210 ft, but it packs a punch! Choose your poison on the tee and pick the right or left fairway. Both are tight, so commit to the shot and avoid the possible bogie 4.

Hole 18

492 ft Par 4

You gotta have at least one Par 4, right?!

Keep your drive to the left to avoid trouble and get yourself a look at the basket. The rough on the right is no place to be. A clean 300 ft drive will set up a reasonable approach. Play smart and get the 3. Heroes on Hole 18 may walk away with a 4, or worse.
