

Whitetail Ridge

Caddy Book

Whitetail Ridge

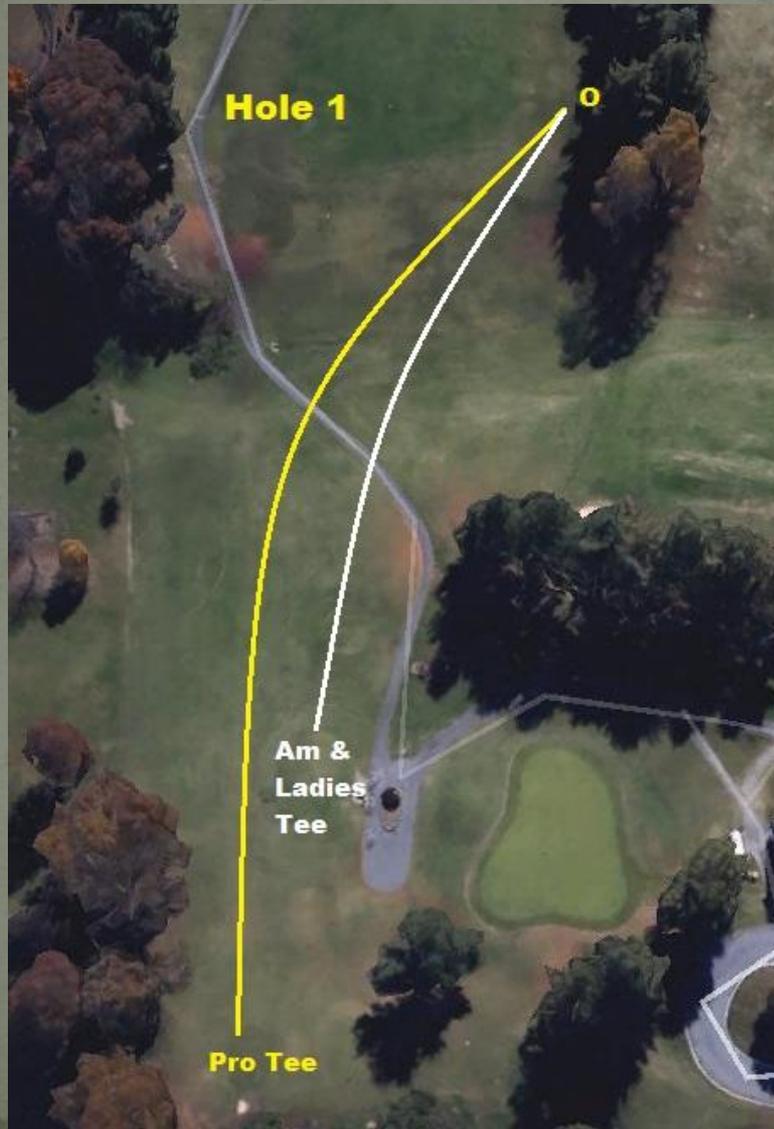

Whitetail Ridge

Whitetail Ridge TPC was designed on the front 9 of Warriors Path State Park Golf Course.

Featuring big hills, deep valleys, and lots of deer, Whitetail Ridge will test your ability while satisfying all skill levels with multiple tees on several holes which adds to the enjoyment.

Hole One

Hole One opens with a big valley to negotiate. Pros will play from the back tee while Am Men and Ladies will enjoy the closer tee. Either way, good shots will need to clear the valley for an easier shot at birdie.

Pro Tee	624 ft	Par 4
Am Men/Ladies	382 ft	Par 3

Hole Two

It didn't take long for Premier Design to throw in the obligatory wooded hole! Hole 2 is a somewhat narrow, low ceiling Par 3 that can be deuced with a clean shot. The pines are beautiful but unforgiving to wayward discs. Low is the way to go. Follow flags to Hole 3 tee. Do not drive on or near golf green!

All Divisions 296 ft Par 3

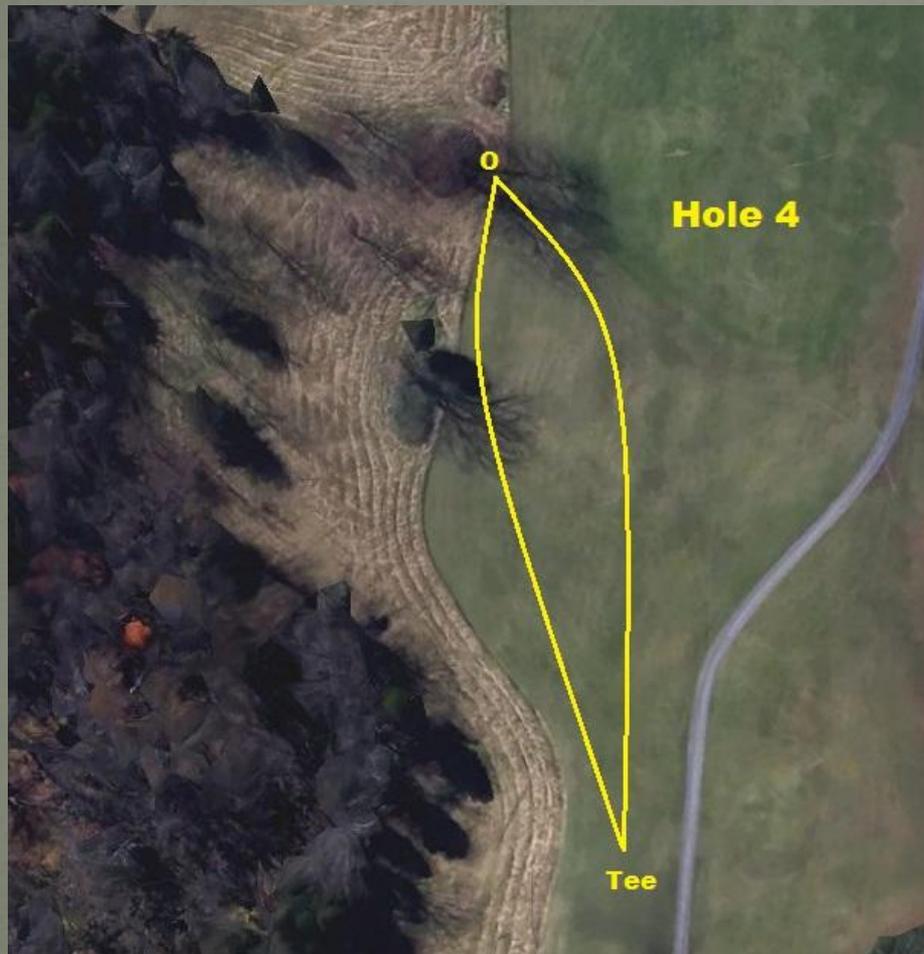

Hole Three

Hole 3 calls for a long uphill drive to a blind pin position. Deuces here will take a big drive or a long putt. The back yards of the houses that line the left side of the fairway will be marked by red flags. Shots that end up inside the flags will be OB.

All Divisions 373 ft Par 3

Hole Four

Hole 4 has plenty of tall grass all the way down the left side. Avoid at all costs! Play the smart shot out to the right and get the birdie two. Lefty hyzers and righty sidearms need to be aware of the cedar tree on the left that has an appetite for discs!

All Divisions 285 ft Par 3

Hole Five

Stretch out good before throwing Hole 5. Distance off the tee is crucial in order to reach the well protected green in two shots. Also, try to keep your drive on the right side of the fairway to open up a cleaner approach. Shots that end up too far left will find many tiny gaps waiting in the long, guardian tree line. Righty backhand rollers are a great option off the tee.

All Divisions 648 ft Par 4

Hole Six

Ah yes, the big downhill bomb. Max out your distance from the hilltop and give yourself a chance at a birdie three. The basket sits at the bottom of a steep hill which could act as a backstop for over zealous second or third shots. Do not drive carts on the hill behind the basket!

All Divisions Tee
Par 4

675 ft

Hole Seven

Hole 7 is easy looking but trouble awaits behind the basket. Don't go long off the tee or you may have trouble finding your disc. The rough is very thick and discs will hide easily.

Good distance control will be rewarded with a putt for a two. Keep in mind the green is OB.

All divisions 289 ft Par 3

Hole Eight

A good player will take advantage of a short-ish birdie opportunity. Hole 8 provides that with a little trouble thrown in for good measure. The twin bunkers are not OB but do a fine job guarding the basket perched above them. The real trouble lurks to the left in the thick rough and to the right in the OB green.

Carts are not allowed on this hole, stay on the cart path all the way to Hole 9's tee. Pay attention to players teeing off on Hole 18 as you head to Hole 9.

All divisions 280ft Par 3

Hole Nine

Hole 9 has multiple tees so be sure you go to the correct one. Regardless of which tee you use, most second shots should have similar looks and distances. The basket sits atop the big hill and carts are not allowed on the hillside. Keep carts on path going up hill and walk to your putt.

Pro Tee	852 ft	Par 4
Am Men Tee	614 ft	Par 4
Ladies Tee	400 ft	Par 4

Hole Ten

Hole 10 can be deuced but it will take a precise drive. A few small trees surround the basket so its possible to get close and still have a compromised putt. Take advantage of the opportunity and get a 2!

All Divisions 277 ft Par 3

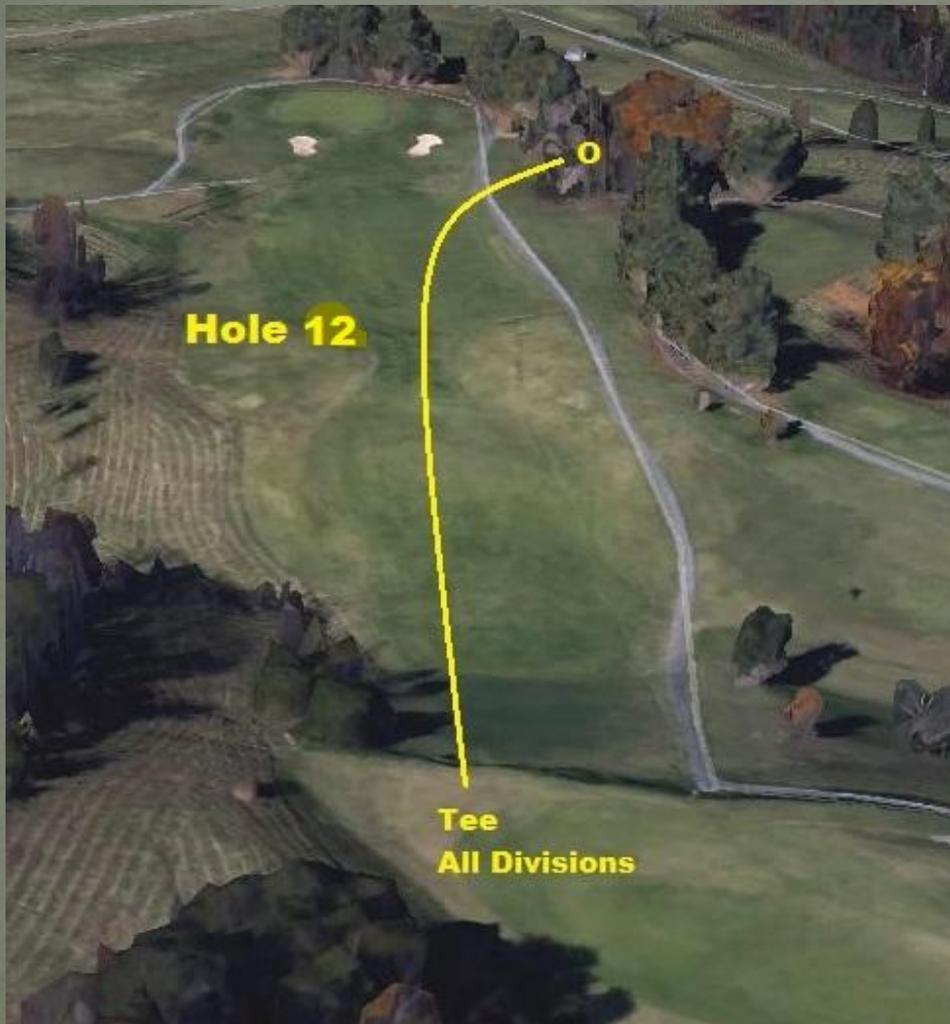

Hole Eleven

Good distance off the tee on Hole 11 will make the second shot much easier but don't cut the corner too much or you will end up in the rough on the left. The green is big but the edges are thick so be sure to land close to the center.

Pro Tee	626 ft	Par 4
Am Men Tee	540 ft	Par 4
Ladies tee	452 ft	Par 4

Hole Twelve

Hole 12 a Par 5 that most folks won't be able to reach in two shots. At worst, it's a long Par 4. At best, it's an easy Par 5. Either way a three will have you grinning all the way to the next tee. Big drives will clear the valley, shorter drives will have a blind uphill positioning shot. The pin sits tucked in a small but deep valley under the triple-trunked big tree on the right.

All Divisions 687 ft Par 5

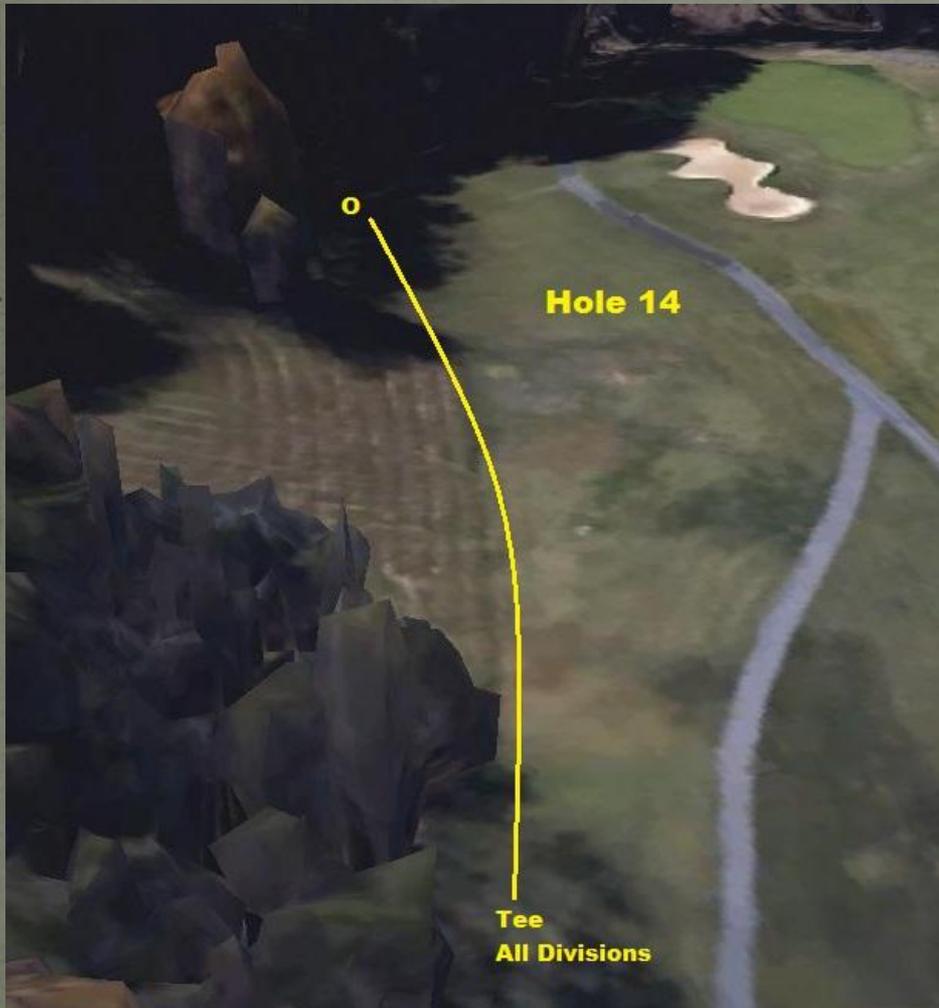

Hole Thirteen

Are you starting to notice a pattern on the Par 3's? Most of them are uphill drives, and Hole 13 is as well. However, despite the uphill aspect, at least there are no trees to hit! The basket is strategically positioned to provide maximum challenge. Don't go long or left.

All Divisions 275 ft Par 3

Hole Fourteen

Hole 14 looks easy but it will take a longer drive than you think to reach the basket. Mostly downhill, this hole is deceiving. Give it a good pop and make sure its not a worm-burner.

Also be aware of hikers traversing the Devil's Backbone Trail behind the golf green which, by the way, is OB.

All Divisions 343 ft Par 3

Hole Fifteen

Hole 15 is loads of fun. A big drive off a big hill to a basket tucked inside a beautiful stand of old hardwoods. Given the elevation, the distance will play shorter than it says but it will still take a crank to get there. Loose shots to the left may end up in Hole 16's fairway, so pay attention if you end up over there.

All Divisions 430 ft Par 3

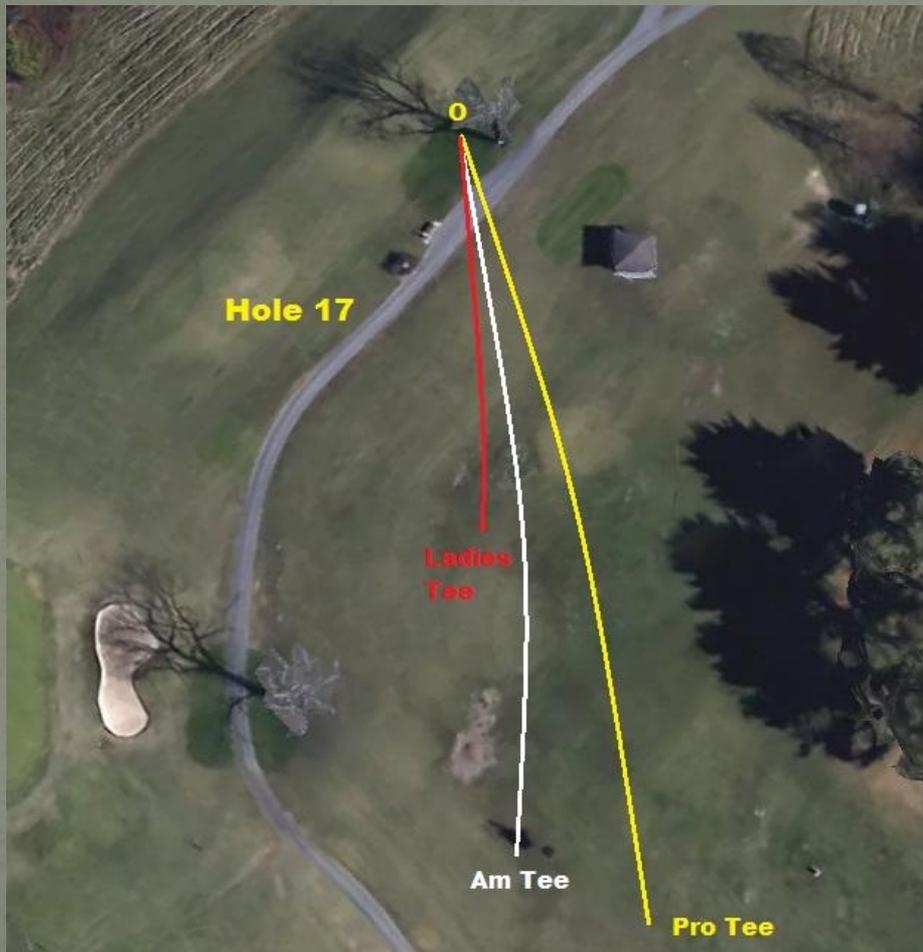

Hole Sixteen

Hole 16 is a shortish Par 4 that will challenge you on multiple levels. Off the tee, the challenge is to keep your drive as close to the center as possible. Shots that go left will go left quick because of the fairway slope. The tree line there is tightly packed. Your second shot will be very tricky as the green falls away from you and the tree line looms below as well. There is no OB, unless you throw your second or third shot a couple hundred feet long!

All divisions 505 ft Par 4

Hole Seventeen

Hole 17 features multiple tees that should allow each skill level to throw the same type shot to the green. The basket sits on a golf tee and falls off behind and left. Deuces are very gettable here but don't go long!

Pro Tee	372 ft	Par 3
Am Men	272 ft	Par 3
Ladies	172 ft	Par 3

Hole Eighteen

Hole 18 is a long Par 5. If you reach the green in 2, regardless of which tee, you have accomplished something. The biggest challenge, besides the distance, is the slope of the fairway. The right to left slope is very steep and will draw shots downhill like a magnet. The ball golf hole we are using (Hole 6) runs parallel to Hole 18 on the golf course. Since the back 9 is open for play to traditional golfers, discs that end up beyond the cart path at the bottom of the hill or the flag line closer to the basket will be considered in a hazard but will not be OB. Retrieve your disc as quickly as possible and play your next shot from the point where it crossed the cart path or flag line, no penalty. If traditional golfers are playing Hole 18, please wait on them to clear before getting your disc.

Pro Tee	924 ft	Par 5
Am Men Tee	725 ft	Par 5
Ladies Tee	500 ft	Par 5

OB's and Ground Rules

All golf greens are OB. The OB line is the primary cut line (the actual putting surface). The fringe is not OB. Bunkers are not OB. Play from where it lies, but please rake the bunkers after throwing.

The cart path runs fairly close and along with most holes. Please stay on it as much as possible, especially if it is rainy or wet. Stay off of steep hillsides, golf greens, and golf tees. Remember, we are being watched by the course employees and traditional golfers. Let's show them some amazing shots and wow them with our respect for the venue.
